

Student Worksheet #1 - Helping Others Like Dr. Jonas Salk

Name: _____ Date: _____

Source: CDC Public Health Image Library (PHIL), ID 29084.

1. Do you think it was Dr. Jonas Salk's responsibility to find the solution? Explain.

2. Why do you think he worked so hard to find a solution?

3. Describe how his work helped people and why it is still important to know and talk about today?

GROUP SCENARIO ACTIVITY

4. Think of a problem that students your age might face at school (for example: kids who exclude someone, not feeling included, a problem on the playground, or difficulty with a subject in school).

In your group, discuss the following questions and create a simple plan to help solve it:

- What is the problem?
- Who is affected?
- What is one way you could help solve it?

Be ready to share when we reunite and reflect.
